How do I register for an activity?

From the homepage, enter your Username and Password to Sign In.

Once logged in, you can access activity listings three ways:

1. By choosing “Search” in the green ribbon and then “Activities.”
2. By choosing “Activities” under “Browse” in the blur column.
3. By choosing the “Activities” photo or a photo for a subcategory of activities.
You may now sort your Activity Search Results by Location and/or Type (Or choose “Show Search Criteria” to do advanced searching).
To register for an item returned in your search results, click on the shopping cart next to the section that you’d like to register for and then choose “Enroll Now.” You may also click on the “I” icon to find our additional information about that section.

Choose the member(s) of your family that you would like to register for this activity and then choose “Add to Cart.”
Choose “Agree” after reading and accepting our waiver statement.

Your registration will be added to your Shopping Cart. You may now choose to “Continue Shopping” or “Proceed to Checkout.”

Anything that you would like to remove from your shopping cart before checkout, click the shopping cart icon in the “Remove” column on the row with that item.
Enter your Payment information and choose “Continue” to authorize your payment and generate a receipt that will be sent to your email address.
